

Concerning Issuance of Preferred Shares through a Third-Party Allotment

Tokyo, October 27, 2008---Mitsubishi UFJ Financial Group, Inc. (President & CEO Nobuo Kuroyanagi “MUFG”) hereby announces that its Board of Directors today resolved to issue the First Series Class 5 Preferred Shares (the “Preferred Shares”) through a third-party allotment as set forth below.

PARTICULARS

1. Purposes of Offering of Preferred Shares to be Issued through a Third-party Allotment

(1) Major purpose of raising capital

As the financial crisis worsens worldwide, the MUFG group (the “Group”), which has a strong customer and deposit base, has been making a move toward future growth, taking such steps as strengthening the total power of the Group through domestic and international strategic investments and organizational restructuring. The Group aims for enhanced stabilization of its financial base and further corporate growth as a global financial group by implementing this capital reinforcement.

(2) Marketability of the Preferred Shares

The Preferred Shares shall be issued by way of a third party allotment. The Preferred Shares are “bond type” preferred shares, which grant no conversion right for ordinary shares to its holders. Dilution of the ordinary shares will not occur. Although the Preferred Shares do not have a so-called maturity date, the Preferred Shares may be acquired by MUFG at the same price as the issue price on and after about five (5) years and four (4) months, by taking the prescribed procedures, at MUFG’s option. Please refer to the attached Terms and Conditions for the detailed information.

(3) Reason for raising capital by the Preferred Shares

As a result of considering various funding methods in connection with this capital raising, MUFG gave comprehensive consideration to the following reasons, and has determined that raising capital by issuance of the Preferred Shares is the best scheme:

- (i) The Preferred Shares are “bond type” preferred shares, in which dilution of the ordinary shares will not occur;
- (ii) The Preferred Shares may be issued flexibly within the authorization by the Articles of Incorporation; and
- (iii) MUFG has determined that the Preferred Shares have reasonable conditions in respect of dividend rate, etc. as “bond type” preferred shares, considering the past issuing cases.

Note: This notice is published solely for the purpose of disclosing to the public information regarding MUFG’s issuance of preferred shares. Accordingly, this notice is not a solicitation of investments or any similar activities in or outside Japan.

This notice does not constitute an offer of securities for sale in the United States. The preferred shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements. The preferred shares will be issued and sold in Japan, and MUFG has no intention of offering or selling these securities in the United States.

2. Amount of Proceeds and Use of Proceeds

(1) Amount of funds to be raised (estimated proceeds after deduction of costs)

Aggregate amount to be paid	JPY 390,000,000,000
Estimated amount of costs and expenses for issuance	JPY 100,000,000

5. Expected Impact on Business Results

MUFG believes that this issuance will increase the growth and profitability of the Group, since the proceeds will be provided to MUFG's consolidated subsidiaries.

6. Reasonableness of Conditions of Issuance, etc.

(1) Basis for calculating the offer price

MUFG gave comprehensive consideration to (i) the comparison of the marketability of the Preferred Shares to the amount to be paid in respect of other similar shares and (ii) the current market conditions of the equity securities, and determined JPY 2,500 to be the amount to be paid per Preferred Share.

(2) Rationale for judgment that number of shares to be issued and level of dilution of shares are reasonable

Since the Preferred Shares are "bond type" preferred shares, which grant no conversion right for ordinary shares to its holders, dilution will not occur.

7. Reason for Selecting Allottees

The allottees and the number of shares to be allotted shall be determined by MUFG's chief financial officer. Presently, the chief financial officer has not yet determined the allottees or the number of shares to be allotted.
