

**Transition from a Stock Compensation Type Stock Option Plan for Directors and Other Executives
(Share Acquisition Rights) to a Stock Compensation Plan Using a Trust Structure**

Tokyo, November 14, 2016 --- Mitsubishi UFJ Financial Group, Inc. (MUFG) has announced that, at the Compensation Committee's meeting held today, MUFG resolved to introduce a stock compensation plan using a trust structure ("the Plan") for directors, corporate executive officers, executive officers, and senior fellows (Outside directors and directors serving as audit committee members are excluded. Hereinafter these eligible directors and other executives are collectively referred to as "Directors, etc.") of MUFG and four core companies of the MUFG Group (The Bank of Tokyo-Mitsubishi UFJ, Ltd., Mitsubishi UFJ Trust and Banking Corporation, Mitsubishi UFJ Securities Holdings Co., Ltd., and Mitsubishi UFJ Morgan Stanley Securities Co., Ltd. (These four companies are collectively referred to as the "Core Business Companies." MUFG and the Core Business Companies are collectively referred to as the "Covered Companies.)) who hold stock compensation type stock options (share Acquisition rights) ("stock options") that had been allotted to them in the past, but have not been exercised, so as to implement a transition from a stock option plan to the Plan.

1. Purpose, etc. of the Introduction of the Plan

- (1) On May 16, 2016, MUFG ceased to provide any additional stock options and introduced a performance-based stock compensation plan using a trust structure as a new stock compensation plan for Directors, etc. of the Covered Companies. On the other hand, the Plan will be introduced to implement the waiver of stock options that had previously been allotted to, but have not been exercised by Directors, etc. and a transition to a stock compensation plan using a trust structure and will be managed and operated together with the performance-based stock compensation plan in an integral manner.
- (2) MUFG will introduce the Plan using a structure called a Board Incentive Plan (a "BIP Trust"). A BIP Trust, which is designed based on performance share plans and restricted stock plans in the U.S., is an executive incentive plan under which shares of MUFG acquired by the BIP Trust are granted to the Directors, etc. of the Covered Companies based on, among others, their rank.
- (3) The introduction of the Plan was resolved today by the Compensation Committee which is chaired by an outside director and outside directors constitute a majority of its members.

2. Structure of the BIP Trust

- ① The Compensation Committee of MUFG will pass a resolution approving the introduction of the Plan and executive compensation. The general meeting of shareholders of each Core Business Company will pass a resolution approving the introduction of the Plan and executive compensation.
- ② The Compensation Committee or the Board of Directors, as applicable, of each Covered Company will establish Share Delivery Rules concerning executive compensation in relation to the implementation of the Plan.
- ③ Each Core Business Company will contribute money to MUFG within the limit approved by the resolution of the general meeting of shareholders referred to in ① above. MUFG (Settlor) will establish a trust whose beneficiaries are Directors, etc. of the Covered Companies satisfying certain beneficiary requirements, which will grant shares to said Directors, etc. upon their resignation ("Trust"), by entrusting money within the limit approved by the resolution of the Compensation Committee referred to in ① above together with the money contributed by the Core Business Companies to the trust bank (Trustee).
- ④ The Trustee of the Trust will acquire shares of MUFG in the stock market using the money contributed in ③ above in accordance with the instructions of the Trust Caretaker. Shares of MUFG in the Trusts will be managed in separate accounts for each Covered Company based on the amount of money contributed by each Covered Company.
- ⑤ Dividends on the shares in the Trust will be paid in the same manner as those on other shares of MUFG.
- ⑥ The voting rights of shares of MUFG in the Trust will not be exercised during the trust period.
- ⑦ Following the commencement of the Plan, certain points are awarded to Directors, etc. who have waived their stock options in accordance with the Share Delivery Rules of each Covered Company. The Directors, etc. who have become beneficiaries will receive the delivery of shares of MUFG in the number corresponding to a certain percentage of these points and the provision of money equivalent to the liquidation value of the shares of MUFG corresponding to the remaining points after they are liquidated within the Trust in accordance with the provisions of the trust agreement. Dividends arising from shares of MUFG will also be distributed to the Directors, etc. who have become beneficiaries based on the number of these points.

- ⑧ In cases where there are residual shares at the expiration of the trust period, MUFG plans to acquire the residual shares without consideration through a gratis transfer from the Trust and cancel them by a resolution of the Board of Directors.
In cases where there no longer are any shares of MUFG remaining in the Trust during the trust period due to the delivery of shares of MUFG to beneficiaries, the Trust shall be terminated before the expiration of the trust period.
- ⑨ Any residual property remaining at the termination of the Trust after all required distributions to beneficiaries will be attributable to MUFG within the limit of the trust expense reserve, which is calculated by deducting the funds to acquire shares from the trust money. Any residual property in excess of the trust expense reserve will be donated to an organization in which the Covered Companies and the Directors, etc. of the Covered Companies do not have any interest.
