## **MUFG Publishes Report on its Implementation of the Principles of Responsible Banking**

**Tokyo, March 12, 2021** --- MUFG today announced that it has published a report on the status of its implementation of the Principles of Responsible Banking (PRB).

MUFG pursues a management vision to develop lasting relationships with clients and society and achieve shared sustainable growth, and based on our conviction that environmental and social sustainability are a prerequisite for MUFG's sustainable growth, we are working to create value through an integrated approach unifying our management strategy and the resolution of environmental and social issues.

As part of these efforts, MUFG signed the United Nations Environment Programme and Finance Initiative's (UNEP FI) PRB at its launch in September 2019.

The PRB were developed to align the banking sector with society's goals as expressed in the UN Sustainable Development Goals, the Paris Climate Agreement and other relevant frameworks. Based on these, we will formulate strategy from the perspective of resolving issues confronting society and strengthen our contribution to society's goals.

Information about the status of MUFG's PRB implementation is available here: <https://www.mufig.jp/english/csr/report/index.html>
