MUFG Revises Earnings Target and Dividend Forecast

Tokyo, November 14, 2025 --- MUFG today announced that it has revised its earnings target for profits attributable to owners of parent and its year-end dividend forecast for the fiscal year ending March 31, 2026, both announced on May 15, 2025, to take into account recent business performance trends.

1. Revision of Earnings Target

(1) Earnings target for the fiscal year ending March 31, 2026, under Japanese GAAP

	Profits attributable to owners of parent
Previous earnings target (A)	¥2,000.0bn
Revised earnings target (B)	¥2,100.0bn
Change (B-A)	¥+100.0bn
Change (%)	+5.0%
[Reference] The result for the fiscal year ended March 31, 2025	¥1,862.9bn

(2) Reason for the Revision

MUFG forecast an increase in net operating profits of approx. ¥50.0 billion over the initial forecast due to steady progress in customer segments' business performance.

MUFG also forecast an increase in profits other than net operating profits of approx. ¥ 150.0 billion mainly due to an increase in equity earnings of equity method investees related to Morgan Stanley.

Consequently, we have upwardly revised the earnings target for profits attributable to owners of parent by ¥100 billion, setting it at ¥2,100 billion.

2. Revision of Dividend Forecast

(1) Dividend forecast for the fiscal year ending March 31, 2026

Term	Dividend per share		
	Interim dividend	Year-end dividend	Annual dividend
Previous forecast		¥35.00	¥70.00
Revised forecast		¥39.00	¥74.00
Actual result for fiscal year ending March 31, 2026	¥35.00		
Actual result for fiscal year ended March 31, 2025	¥25.00	¥39.00	¥64.00

(2) Reason for the Revision

MUFG continuously seeks to improve shareholder returns, focusing on dividends in the pursuit of an optimal balance between solid equity capital and strategic investment for growth. Regarding dividends, MUFG aims for a stable and sustainable increase in dividend per share through profit growth. In the MTBP, MUFG will maintain a disciplined capital management approach with a target dividend payout ratio of approximately 40%.

Based on these policies and the revision of the earnings target, MUFG has revised its year-end dividend forecast for the fiscal year ending March 31, 2026 from ¥35.00 to ¥39.00 per share. As a result, the annual dividend for the fiscal year ending March 31, 2026 is forecast to be ¥74.00 per share.
